

## I DO WHAT I WANT

Complain, complain  
It's always the same  
You think you know it better  
Honey, you ain't no saint  
Give it up, let it flow  
So tired of your "blame game"  
Don't be petty, let it go  
Don't you see what you became

You're not the only one  
You're one of many  
Ain't no witch hunt, babe  
But no need a bad penny  
It's so crazy that you think  
You're sweet and innocent  
Honey, envy is a sin  
I forgot your name again

The time is mine (mine)  
I've got my rules  
I'm the alpha, hon, in the  
Pack of wolves

**(Ah woo)**  
**I do what I want**  
**(Oh, oh, oh, oh)**  
**Oh**

If it's round 'n blue  
You say square is due  
Step aside, step aside  
I got a headache from you  
You call me princess, really  
Sweetheart, I'm the queen  
Look around  
Don't cause such a scene

Don't call me names  
"You harvest what you sow"  
Say it one more time  
I'll pull you far from shore  
Thought you'd do it better  
But I've never seen a lamer shot  
Didn't say I'm gonna be nice  
Trust me, I'm not

The time is mine (mine)  
I've got my rules  
I'm the alpha, hon, in the  
Pack of wolves

**(Ah woo)**  
**I do what I want**  
**(Oh, oh, oh, oh)**

**Oh, I do what I want, heey**  
**I do what I want**  
**(Uh, uh, uh**  
**, uh, uh, uh)**

You're hissing like the mean snake in Harry  
Potter  
I disagree with you till the end of time  
The truth is, I really do know it better  
I can even say it all in a pretty rhyme  
Yee haw

Ah,  
You give judgments  
I give nicknames  
You make assumptions  
I bought a mansion

The time is mine  
I've got my rules  
I'm the alpha  
(Hon, in the)

**(I do what I want)**  
**I do what I want**  
**(I do what I want)**  
**What I want**  
**(Aeh)**  
**(I do what I want**  
**I do what I want)**  
**I do what I want**
