

## **PARKING LOT**

Once we danced  
Now it's silent on your street  
You don't answer  
Feels like we're not real  
Oh, she came first  
But I'm the one who would run  
And take you with me

We've met in November  
And all I remember  
We snuck into each other's heart

**I'm cursing your name  
Sick 'n tired of your game  
Don't wanna be the cure  
For your broken heart**

**And I run into things  
'Cause you've stolen my wings  
Don't wanna be your  
Parking lot anymore**

**Anymore**

She doesn't trust me  
She knows about us both  
What to do now  
I'm losing all my hope  
It's killing me  
I don't know where to go  
Now that she knows

We've met in November  
And all I remember  
We snuck into each other's heart

**I'm cursing your name  
Sick 'n tired of your game  
Don't wanna be the cure  
For your broken heart**

**And I run into things  
'Cause you've stolen my wings  
Don't wanna be your  
Parking lot anymore**

Oh, when I left  
You showed up again  
Just to keep it warm

Time changed our face  
Moved outta her heart  
Just to park on mine  
Till you made up your mind

We've met in November  
And all I remember  
We snuck into each other's heart

Oh, oh

**I'm cursing your name  
Sick 'n tired of your game  
Don't wanna be the cure  
For your broken heart**

**And I run into things  
'Cause you've stolen my wings  
Don't wanna be your  
Parking lot anymore**

**Broken heart  
(Sick 'n tired of your game)  
Anymore  
Broken heart, you've stolen my wings**

**Anymore  
(Cause you've stolen my wings)  
Don't wanna be your parking lot  
anymore**
