

## MY WAY

I can wear a hat  
One, two, three  
Ain't that cool  
I can do break dance  
A poker face for you  
I can throw a spear, a knife  
Or spin a gun  
I can rob a bank  
Or make a man have fun

Oh, oh

**Call me, if you need me**  
**If you need an all around (-er)**  
**(Hey)**  
**Trust me, it'll be easy**  
**And it's even safe and sound (uh)**  
**(Hey)**  
**I have only one condition**  
**It's a piece of cake**  
**Let me do it, let me do it, let me do it**  
**My way**  
**(Yeah)**  
**My way**  
**(Yeah)**  
**My way**

I can look like her  
Schiffer, Kelly, Bardot  
I can smile with grace  
Like sweet Monroe  
I can dive with sharks  
And still ride that bull  
I can drink a lot  
And still talk so cool  
Like you

**Call me, if you need me**  
**If you need an all around (-er)**  
**(Hey)**  
**Trust me, it'll be easy**  
**And it's even safe and sound (uh)**  
**(Hey)**  
**I have only one condition**  
**It's a piece of cake**  
**Let me do it, let me do it, let me do it**  
**My way**

Come on over  
(Come on over)  
Little closer  
(Hmm, hmm)  
See these lines on my face  
(On my face)

I get older  
(I get older)  
So much bolder  
(Hmm, hmm)  
Now my songs fill your empty place

You should've let me  
You should've let me  
Do it my way

And we still would be  
We still would be  
Slaying till today

Hmm baby  
Slaying together  
(Slaying together)  
Aah, hee, oh, oh  
(Slaying together)  
Call me, baby  
(Slaying together)  
Oh, oh, oh

**Call me, if you need me**  
**If you need an all around (-er)**  
**(Hey)**  
**Trust me, it'll be easy**  
**And it's even safe and sound (uh)**  
**(Hey)**  
**I have only one condition**  
**It's a piece of cake**  
**Let me do it, let me do it, let me do it**  
**(Let me do it)**  
**My way**
