

HUNTER

Everybody asks for something
Stalling in the dark and crawling
Howling like all the wolves would do
Didn't know that I was wounded

Patience made me see your weakness
When I sense your fears in cheap threats
Stay on track but hide in the woods
Ain't coming as you think I would

Wolves howling in the night
Wolves coming, run for your life

**Can't take me down
Can't take me down
(Darling)
Can't take me down
Can't take me down
(Darling)
Try to steal my thunder
You'll be my prey
I'll be your hunter**

**Can't take me down
Can't take me down
(Darling)
Can't take me down
Can't take me down
(Darling)
Try to steal my thunder
You'll be my prey
I'll be your hunter**

Your hunter

Everybody has opinions
But does it matter what they're thinking
I'm no good for mangle-mangle
Don't you know the dangerous jungle

Wolves howling in the night
Wolves coming, run for your life

**Can't take me down
Can't take me down
(Darling)
Can't take me down
Can't take me down
(Darling)
Try to steal my thunder
You'll be my prey
I'll be your hunter**

**Can't take me down
Can't take me down
(Darling)
Can't take me down
Can't take me down
(Darling)
Try to steal my thunder
You'll be my prey
I'll be your hunter**

I growl when I'm hurt, hmm
I'm wounded, but I'll run

If you get under my skin, hmm
Oh, this is gonna be fun

**(Darling)
Try to steal my thunder
And I'll be your hunter
(Be your hunter
Take me down)**

**(Darling)
Try to steal my thunder
(Oh)
Can't take me down**

**And I'll be your hunter
(Oh, oh, oh)
(Darling)
Can't take me down**

**Try to steal my
Try to steal my
And I'll be your
You'll be my prey
I'll be your hunter**
